With the My Shed feature, your equipment selections can now be saved to your account to make future searching convenient and easy!

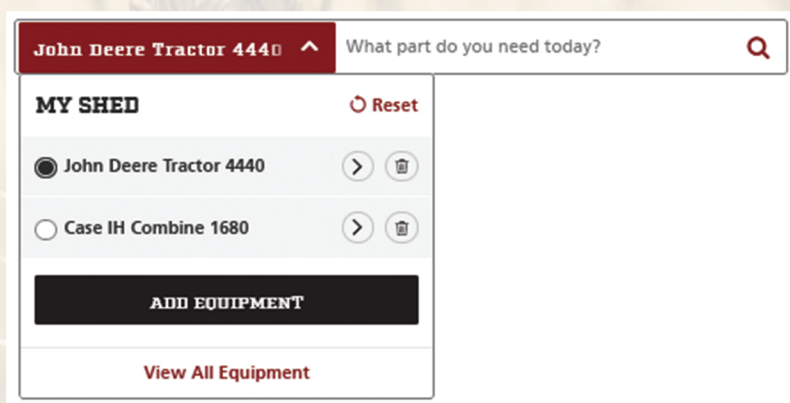

Once you create an account to access "My Shed," your equipment can be saved and you can also view past order history. This makes yearly maintenance easier and faster when it comes to getting the parts you need.

To create an account, select the Account icon to the right of the search bar and select "Create an account."

Follow the next screen to enter your information and create the account. If you made an equipment selection in the parts search, it will automatically be added to "My Shed" and will also be viewable on your Account Dashboard. Additional equipment can be added by clicking the "Add Equipment" button from either screen (prompts the dropdown menu at the top to open again) or by going directly to the parts search at the top of the page and making a new selection. When you hit "Go," this selection is automatically added to your shed.

Quickly switch between equipment in your Shed by clicking the dropdown menu at the top of the page and selecting between machines. The page will reload to that selection and is ready to search for the products you need.

Engine Overhaul Kits and Parts

To succeed, farms depend on their equipment's ability to perform day-in, day-out. Make sure your engine is up to the task. Whether you need to make a quick repair or want to fine-tune your entire engine, we can help with our extensive inventory of high-quality overhaul kits and engine parts.

Multiple Options

We offer a wide variety of overhaul kits to fit any need. Our kits cover diesel and gas machines and are built to fit most makes, including John Deere®, Case IH®, International®, Ford®, New Holland®, Allis Chalmers® and more. We offer remanufactured shortblocks and longblocks. We also carry inframe and complete remanufactured engines, as well as used engines to fit any need and budget.

Components

Our high-quality component parts are thoroughly tested and competitively priced. Kits range from basic to comprehensive and may include:

- Cylinder kits
- Piston pin bushings
- Rod bearings
- Main bearings
- Camshaft bushings
- Camshaft plug
- Front and rear crankshaft seals
- Gasket set with seals
- Connecting rod bolts
