Ag Replacement Parts

COTTON PICKER PARTS FOR JOHN DEERE® & CASE IH®

AbileneMachine.com

NEW My Shed Feature on AbileneMachine.com

**A new way to narrow down your parts search
geared specifically to your equipment**

Select the make, equipment and model of your machine in the dropdown menus located at the top of the home page. Click the "Go" button.

The diagram illustrates the process of selecting equipment. On the left, the initial search form has dropdown menus for 'Make', 'Equipment Type', and 'Models', along with a 'GO' button and a 'Sign in' link. An arrow points to the right, where the same form is shown with 'John Deere' selected for 'Make', 'Tractor' for 'Equipment Type', and '4440' for 'Model'. The 'GO' button is now highlighted in black.

With your equipment selected, enter the product you are searching for (or part number if you have it). Suggested results will be displayed, or press enter to go to a list of all product results for your machine.

The diagram shows the search results for 'Seat Assembly' on a John Deere Tractor 4440. The search bar at the top shows 'John Deere Tractor 4440' and 'Seat Assembly'. Below the search bar, there are suggestions for 'seat assembly', 'seat and suspension assembly', 'grammer seat and suspension assembly', 'seat assembly with', and 'grammer seat assembly'. The 'Products' section shows two items: 'Grammer Seat Assembly, Gray Fabric (AMSS10040)' for \$820.00 and 'Grammer Seat and Suspension Assembly, Brown Matrix Fabric (AMSS10018)' for \$1125.00. On the right, a list of 13 results is shown for 'SEAT ASSEMBLY'. The first three results are: 'GRAMMER SEAT AND SUSPENSION ASSEMBLY, BROWN MATRIX FABRIC (AMSS10018)' for \$1125.00, 'GRAMMER SEAT ASSEMBLY, BROWN MATRIX FABRIC (AMSS10027)' for \$495.00, and 'GRAMMER SEAT AND SUSPENSION ASSEMBLY, BROWN MATRIX FABRIC (AMSS10019)' for \$850.00. Each result has an 'ADD TO CART' button.

With the My Shed feature, your equipment selections can now be saved to your account to make future searching convenient and easy!

Once you create an account to access "My Shed," your equipment can be saved and you can also view past order history. This makes yearly maintenance easier and faster when it comes to getting the parts you need.

To create an account, select the Account icon to the right of the search bar and select "Create an account."

Follow the next screen to enter your information and create the account. If you made an equipment selection in the parts search, it will automatically be added to "My Shed" and will also be viewable on your Account Dashboard. Additional equipment can be added by clicking the "Add Equipment" button from either screen (prompts the dropdown menu at the top to open again) or by going directly to the parts search at the top of the page and making a new selection. When you hit "Go," this selection is automatically added to your shed.

Quickly switch between equipment in your Shed by clicking the dropdown menu at the top of the page and selecting between machines. The page will reload to that selection and is ready to search for the products you need. As a thank you for reading about our new My Shed program, please use the code MYSHED for a 5% discount on one order through December 31, 2023.
