# With the My Shed feature, your equipment selections can now be saved to your account to make future searching convenient and easy!

Once you create an account to access "My Shed," your equipment can be saved and you can also view past order history. This makes yearly maintenance easier and faster when it comes to getting the parts you need.

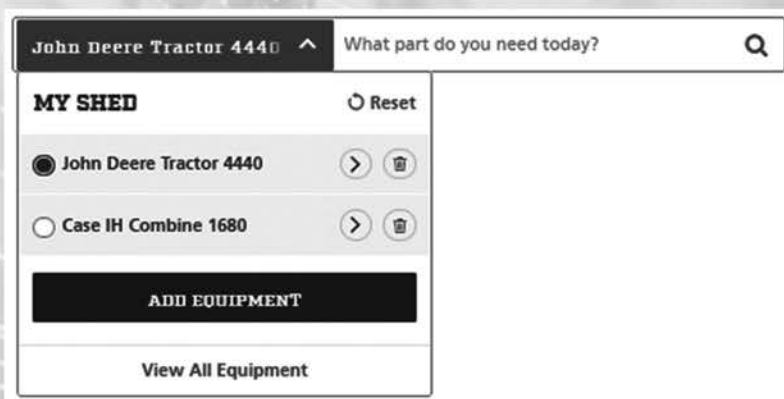

To create an account, select the Account icon to the right of the search bar and select "Create an account."

Follow the next screen to enter your information and create the account. If you made an equipment selection in the parts search, it will automatically be added to "My Shed" and will also be viewable on your Account Dashboard. Additional equipment can be added by clicking the "Add Equipment" button from either screen (prompts the dropdown menu at the top to open again) or by going directly to the parts search at the top of the page and making a new selection. When you hit "Go," this selection is automatically added to your shed.

Quickly switch between equipment in your Shed by clicking the dropdown menu at the top of the page and selecting between machines. The page will reload to that selection and is ready to search for the products you need. As a thank you for reading about our new My Shed program, please use the code MYSHED for a 5% discount on one order through December 31, 2023.

## LED Floodlamp, Sealed Beam

### AMRE336112

- Lasts 50 times longer than halogen lighting
- Vibration resistant
- No filament failures
- 6 diodes (3 watts each) provide 1440 lumens
- Draws less current than comparable halogens
- 2-terminal connection
- Operating temperature: - 40 to 140 degrees Fahrenheit / - 40 to 60 degrees Celsius
- All new, remanufactured and recycled tractor parts have a one-year warranty

**Fits John Deere® Tractors:** 2010, 2040, 2240, 2510, 2520, 2840, 2940, 3010, 3020, 4000, 4010, 4020, 4030, 4040, 4050, 4055, 4230, 4240, 4250, 4255, 4320, 4430, 4440, 4450, 4455, 4520, 4555, 4560, 4620, 4630, 4640, 4650, 4755, 4760, 4840, 4850, 4955, 4960, 5010, 5020, 6030, 7020, 7520, 8430 (1974-1981), 8440, 8450, 8560, 8570, 8630, 8640, 8650, 8760, 8770, 8850, 8870, 8960, 8970, 9100, 9200, 9300, 9300T, 9400, 9400T

## Longblock Assemblies

Our remanufactured longblocks meet the highest standards in quality. All remanufactured components are inspected for structural integrity, cracks and dimensional specifications and then remanufactured back to OEM specifications. The components are then assembled using the highest quality new parts. We back this with one of the best warranties in the industry.

## Connecting Rods

All connecting rods are cleaned and inspected for defects prior to remanufacturing. Rods are then shot-peened for stress relief and the size is checked against OEM specifications. New piston pin bushings are installed in each rod and bored to the correct center-to-center dimensions. The center-to-center dimension greatly affects the performance of your engine and is a step that many remanufacturers ignore. Final assembly of our connecting rods include installation of new rod bolts and verifying product dimensions, including bend and twist, one final time.

## Oil Pumps, Engine

All of our remanufactured engine oil pumps are disassembled, thoroughly cleaned and inspected. All worn parts are replaced and tolerances are checked to guarantee our oil pumps will perform to OEM specifications. The pump is reassembled and - as a safety measure - each pump is lubricated with Clevite Bearing Guard to ensure there is no damage during initial start up. Replacing the engine oil pump during an overhaul is a step many people overlook.

4010, 4020	Throw-Out Bearing Tube	AMR27303	\$ 128.00	

## Water Pumps and Components

The remanufactured water pumps we supply have an extra step added to the remanufacturing process to ensure quality. Since the bearing and seal assembly are critical in performance, we ensure air-tight seals by vacuum testing our water pumps prior to packaging. This guarantees no leakage will occur after your water pump has been installed.

## Injection Pumps

All of our injection pumps are disassembled, thoroughly cleaned and inspected. All worn out parts are replaced and the pumps are reassembled with new gaskets. Pumps are tested for leaks and fuel delivery at low idle, high idle, full load, part load and at start up. Any pumps with an automatic advance system has the advance set. As an additional quality check, all pumps are tested with a special oil that will not varnish inside the pump.

## Injectors

Our remanufactured injectors are disassembled and thoroughly cleaned. The internal components are lapped to ensure there is no leakage. All tips are inspected for hole erosion and opening pressure; and the spray pattern is tested using OEM specifications.

## Mufflers and Exhaust

Our mufflers are manufactured by experienced craftsmen here in the United States. All mufflers have welded seams. Aluminized steel is used for critical components. These features ensure that our products resist the corrosive effects of air, heat and the by-products of combustion that work to shorten muffler life. Additionally, they are painted either silver or black to cosmetically match its OEM counterpart, as well as provide further protection from the elements.

Application	Description	Part Number	Retail Price	Core
2150, 2350, 2355, 2550, 2555 Non-Turbo, 4239D Engine w/ Diesel, Utility: 2155 Non-Turbo, 3-179 Engine w/ Diesel	Muffler Conversion Kit Muffler and Pipe Kit converts under-hood muffler to above-hood muffler and vertical exhaust. # John Deere®—Tractor

## Starters

All of our remanufactured starters are disassembled, cleaned and inspected. Almost all units receive new field coils. If it meets OEM specifications the armature is test turned and under cut, otherwise it is replaced with a quality factory remanufactured or new part. Starters with factory solenoids have the solenoids replaced with new parts. The drive is carefully inspected and if it does not meet specifications it is replaced with new or quality factory remanufactured drives.

## Hydraulic Oil Coolers

Application	Description	Part Number	Retail Price	Core
3010, 3020, 4010, 4020 - w/ Syncro-Range Transmission	Hydraulic Oil Cooler Conversion Kit Replaces 1 pc Reservoir/Cooler Assembly used on early model tractors Includes AMAR44283 Oil Cooler, AMAR50592 Oil Reservoir and AMAR53119 Hose Kit	AMX47108	\$ 950.00	
3020, 4020 - w/ Powershift Transmission	Hydraulic Oil Cooler Kit This kit has no reservoir and is primarily for powershift tractors Includes AMAR44283 Oil Cooler and AMR41731 Bracket	AMX47110	\$ 675.00	
930, 940, 1020, 1030, 1040, 1120, 1130, 1140, 1520, 1530, 1550, 1630, 1750, 1830, 1850, 2020, 2030, 2120, 2150, 2255, 2355N, 2440, 2630, 2640, Ind: 300, 301, 301A, 302, 302A, 400, 401, 401B, 401C, 401D, Utility: 830, 2155, 2240	Hydraulic Oil Cooler Replaces AR69398, AT77459, AT169229	AMAT165535	\$ 360.00	
3010, 3020, 4000, 4020	Hydraulic Oil Cooler Replacement for units w/ separate oil coolers	AMAR44283	\$ 550.00	
4040, 4040S - w/o A/C	Hydraulic Oil Cooler	AMAR86211	\$ 783.00	

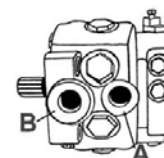

Prices Subject to Change without Prior Notice. The use of original equipment manufacturer (OEM) part numbers or trademarks, e.g. Case® and John Deere®, are for reference purposes only and for indicating product use and compatibility. Our company and the listed replacement parts contained herein are not sponsored, approved or manufactured by the OEM. All parts are New unless designated Reman in the description.

3010, 3020, 4000, 4020, 5010	Hydraulic Oil Cooler Reservoir Replacement for units w/ separate oil coolers	AMAR50592	\$ 425.00	

## Hydraulic Pumps

All pumps are assembled in our climate-controlled rebuild facility. Pumps are test ran and flow checked on the pump stand, where pressures are set using OEM specifications.

Application	Description	Part Number	Retail Price	Core

# John Deere®—Tractor

## Topshafts

Each unit is carefully disassembled, cleaned and inspected. All bearings, races, bushings, seals, etc. are replaced with quality new parts. All hard parts such as carriers, gears, drums, hubs and shafts are inspected, recleaned and inspected again. If these parts do not meet specifications they are replaced with updated new parts or quality used parts that meet OEM specifications.

## Quad-Range™ Packs and Components

Each unit is carefully disassembled, cleaned and inspected. All bearings, races, bushings, seals, etc. are replaced with quality new parts. All hard parts such as carriers, gears, drums, hubs and shafts are inspected, recleaned and inspected again. If these parts do not meet OEM specifications they are replaced with updated new parts or high-quality used parts.

# Air Conditioning Parts and Components

Blower Motors • Compressors • Condensers  
Evaporators • Expansion Valves • Receiver Driers

# LEDs Light Up Your World

LEDs are extremely energy efficient & more durable than traditional incandescent light bulbs. Other benefits include a much longer lifespan, reduced maintenance costs and higher safety.

LED kits and single replacement lights available for tractors, combines, harvesters, balers, loaders, skid steers, telehandlers and more.

Ag Replacement Parts

Honest. Personal. Service.

## Remanufactured Transmission Assemblies

If you're noticing shaking, vibrating or slippage, you'll want to check your transmission. Wear on various components can cause more damage to the overall system if left unchecked. Our remanufactured transmissions fit John Deere® 6000, 7000 and 8000 series tractors and extend the life of your equipment.

### **Remanufactured for Dependability and Value**

Our in-house remanufacture facility uses state-of-the-art techniques to ensure you get the best possible parts. Our qualified technicians disassemble, clean, inspect and rebuild the assemblies to strict specifications. These dependable replacement parts are more cost effective than OEM parts.

### **Rigorous Testing**

All transmissions must pass rigorous tests before we sell them. Transmissions are tested under load in every gear and pressures are monitored at specified temperatures. If they pass inspection, the ready-to-use assemblies are shipped in special steel freight carriers to ensure they arrive at your operation damage-free.

### **Core Charge/Exchange**

Our core charge/exchange program is one more way we help you make the most of your investment.

### **One-Year Warranty**

Abilene Machine offers a standard one-year warranty on new, used and remanufactured parts for greater peace of mind.

*Abilene Machine is a family-owned and operated company that's been serving farmers for over 40 years. With an inventory of more than 40,000 parts and four locations across the United States, we'll make sure you get dependable, durable parts shipped fast.*

Abilene, Kansas  
Bishopville, South Carolina  
Sioux Falls, South Dakota

# Engine Overhaul Kits and Parts

To succeed, farms depend on their equipment's ability to perform day-in, day-out. Make sure your engine is up to the task. Whether you need to make a quick repair or want to fine-tune your entire engine, we can help with our extensive inventory of high-quality overhaul kits and engine parts.

### **Multiple Options**

We offer a wide variety of overhaul kits to fit any need. Our kits cover diesel and gas machines and are built to fit most makes, including John Deere®, Case IH®, International®, Ford®, New Holland®, Allis Chalmers® and more. We offer remanufactured shortblocks and longblocks. We also carry inframe and complete remanufactured engines, as well as used engines to fit any need and budget.

### **Components**

Our high-quality component parts are thoroughly tested and competitively priced. Kits range from basic to comprehensive and may include:

- Cylinder kits
- Piston pin bushings
- Rod bearings
- Main bearings
- Camshaft bushings
- Camshaft plug
- Front and rear crankshaft seals
- Gasket set with seals
- Connecting rod bolts

# Grammer<sup>®</sup> Seats

You spend a lot of time in your cab, and having high-quality seating is about more than being comfortable. It's about protecting your back and keeping you going. Whether you need to make a repair or want a plug-and-play replacement, we can help with our extensive inventory of Grammer<sup>®</sup> seats.

Grammer<sup>®</sup> seats are the gold standard for cab seats. These extremely durable seats are plug-and-play, so you can easily install them and get back in the field. We offer models with mechanical and air ride suspensions, so you can find a seat that fits you (and your farm equipment) perfectly.

We also offer buddy seats, assemblies and individual components including cushions, suspensions and

additional replacement parts. We have you covered for many makes and models, including John Deere<sup>®</sup>, Case IH<sup>®</sup>, International<sup>®</sup>, New Holland<sup>®</sup>, Bobcat<sup>®</sup> and more.

*For more than 40 years, Abilene Machine has been helping distributors, dealers and repair shops like yours succeed by providing top-rated parts at great prices — all with exceptional service. See how our family-owned company can help your business grow.*
