

# SEATS & UPHOLSTERY

**AbileneMachine®**  
Ag Replacement Parts

**AbileneMachine.com**

# NEW My Shed Feature on AbileneMachine.com

**A new way to narrow down your parts search geared specifically to your equipment**

Select the make, equipment and model of your machine in the dropdown menus located at the top of the home page. Click the "Go" button.

With your equipment selected, enter the product you are searching for (or part number if you have it). Suggested results will be displayed, or press enter to go to a list of all product results for your machine.

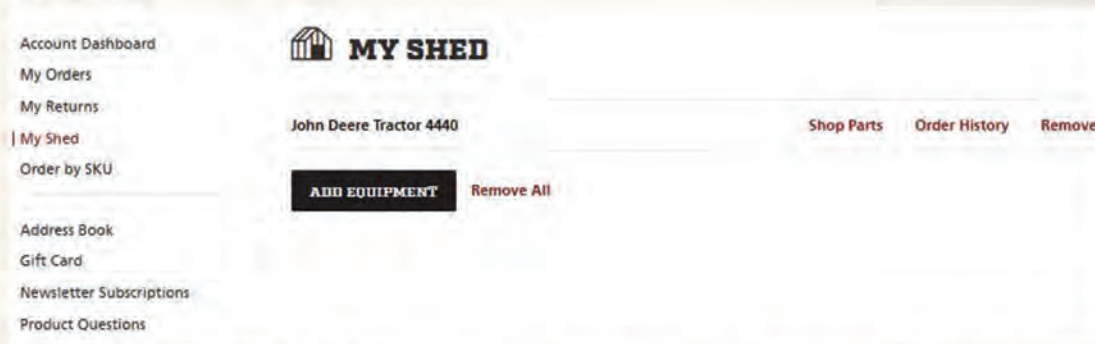

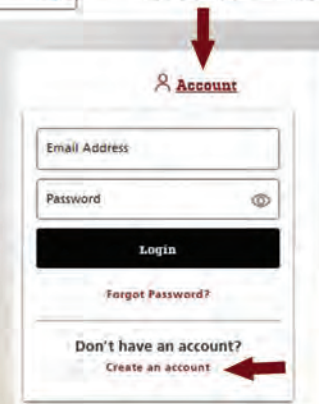

# With the My Shed feature, your equipment selections can now be saved to your account to make future searching convenient and easy!

Once you create an account to access "My Shed," your equipment can be saved and you can also view past order history. This makes yearly maintenance easier and faster when it comes to getting the parts you need.

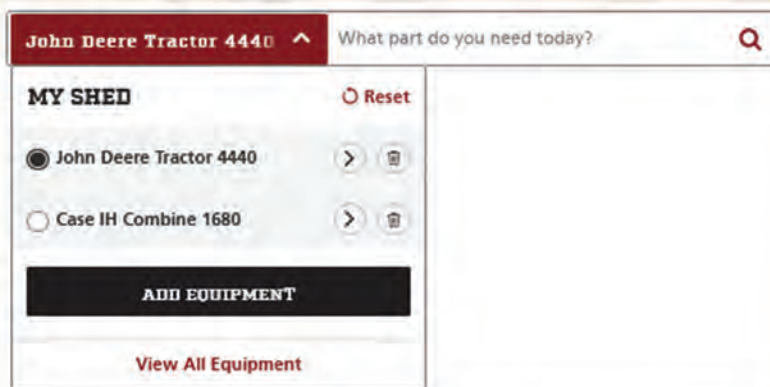

To create an account, select the Account icon to the right of the search bar and select "Create an account."

Follow the next screen to enter your information and create the account. If you made an equipment selection in the parts search, it will automatically be added to "My Shed" and will also be viewable on your Account Dashboard. Additional equipment can be added by clicking the "Add Equipment" button from either screen (prompts the dropdown menu at the top to open again) or by going directly to the parts search at the top of the page and making a new selection. When you hit "Go," this selection is automatically added to your shed.

Quickly switch between equipment in your Shed by clicking the dropdown menu at the top of the page and selecting between machines. The page will reload to that selection and is ready to search for the products you need. As a thank you for reading about our new My Shed program, please use the code CONGRATS21 for a one-time 10% Off discount through March 31, 2021.

## Suspension—7410, 7700 thru TW Series

### Installation Instructions to Place an Air or Mechanical Suspension in a Ford 7410, 7700, 7710, 7810, 7910, 8210, 8630, 8700, 8730, 8830, 9030, 9700 or TW Series Tractor

1. Remove the original seat and suspension.
2. Bolt the slide rails to the suspension with four 5/16" x 1" bolts, bell washers, lock washers and nuts.
3. Bolt the SAP 68 to the slide rails with four 5/16" x 1" flat head socket cap screws and four 5/16" jam nuts. (Four 3/8" jam nuts are used as spacers between the SAP 68 and slide rails. Slide rail lever must be assembled on the right hand side, when sitting in the seat.)
4. Tighten the slide rail and SAP bolts, then pull the slide rail lever and slide the rails and SAP off the suspension.
5. Bolt the suspension to the tractor deck using the original bolts. **Drilling will be required.**
- 6a. For 206 Comfort Classic Seat, fasten the SAP assembly to the seat with four 5/16" x 3" bolts, spacer nuts and lock washers using hole pattern #3 on the SAP.
- 6b. For 56 Super Deluxe Seat, fasten the SAP assembly to the seat with four 5/16" x 2" bolts, 1" tube spacers and lock washers using hole pattern #8 on the SAP. Be sure the label on the SAP is toward the back of the seat. When using the Swivel 40, the tube spacers are not needed.
7. For the Original Bostrom Seat, fasten the SAP assembly to the seat with four 5/16" x 3/4" bolts, lock washers and nuts using hole pattern #5 on the SAP.
8. Slide the rail, SAP and seat assembly onto the suspension.
9. For air suspension, locate a power source and connect to power and ground.

#### Note!

7/16" nuts provided are used as the spacer nuts.

## Suspension—560

### Installation Instructions for Low Profile Suspension with IH 560 Deluxe Seat Applications

1. Cut off existing pedestal at 2 3/4" from the top and slide back together.
2. Drill through the four existing holes and bolt with four 5/16" x 1" bolts.
3. Maintain an overall height of 8 1/2".
4. Install AMSS8093.

Description	Part Number	Retail Price
Seat and Suspension Assembly	Black Vinyl AMSS8093	\$ 85.00
560 Adapter Bracket	AMSS7148	\$ 58.00
Adapter Plate SAP SS-1	AMSS6088	\$ 30.00
Slide Rails	AMSS6043	\$ 21.00

Pedestal PED IH 560	AMSS6059	\$ 47.50

# International®—Seats and Suspensions

## Suspension—86 & 88 Series w/ Mechanical Suspensions

### Installation Instructions to Place an Air or Mechanical Suspension in IH 86/88 Original Mechanical Suspension with an Air or Mechanical Suspension

1. Remove the original seat and suspension mechanisms.
2. Fasten the PED IH 86 to the seat support compartment with four 5/16" x 1" bolts, lock washers, flat washers and nuts. For additional height, use four 5/16" x 2" bolts and 1" long tube spacers.
3. Bolt the slide rails to the suspension with four 5/16" x 1" bolts, lock washers and nuts.
4. Bolt the SAP 68 to the slide rails with four 5/16" x 3/4" flat head socket cap screws and 5/16" jam nuts. (Four 3/8" jam nuts are used as spacers between the SAP 68 and slide rails.) (Slide rail lever must be assembled on the right hand side of the seat.)
5. Tighten the slide rail bolts and SAP bolts, then pull the slide rail lever and slide the rails and SAP off the suspension.
6. Bolt the suspension to the pedestal and four 5/16" x 1" bolts, spacer nuts, lock washers and nuts.
- 7a. For the Original Mechanical Seat, bolt the SAP 12P angles to the bottom of the SAP 68 with four 5/16" x 3/4" carriage bolts, lock washers, and nuts using hole pattern #7 on the SAP 68. Bolt the seat to the angles with two 1/2" x 1" bolts, lock washers and nuts.

#### Note!

The SAP 12P brackets are used only on the original seat.

- 7b. For 206 Comfort Classic Seat, fasten the SAP 68 with four 5/16" x 1" bolts, spacer nuts, lock washers and nuts using hole pattern #3 on the SAP 68.
8. Slide the rail, SAP and seat assembly onto the suspension.
9. For air suspension, locate a power source and connect to power and ground.

#### Note!

7/16" nuts provided are used as the spacer nuts.

# Grammer® Seats & Suspensions

COMFORT THAT NEVER QUILTS

Grammer® seats are designed ultimately for the people who use them. Maximum comfort and intuitive operation are therefore major design principles.

For years, Grammer® has worked intimately with leading scientists researching the human spine. These findings then flow directly into their product development. You can feel it in every seat they design.

**After all, the operator shouldn't fit the seat;  
the seat should fit the operator.**
